Description**Environment:**

Windows 10, Chrome Version 100.0.4896.127 (Official Build) (64-bit)

Preconditions:

- Access to the application is provided and user is logged

Steps to reproduce:

1. Press "New Article" button
2. Press "Publish Article" button (please don't fill any fields)

Actual output:

User can create an article without filling any fields

Expected output:

User should not be able to create an article without filling any fields, at least title and article body should be required
